

Wood & PVC Liners

Wood and PVC liners are used to extend the interior of the window and transition between the window and the interior trim.¹

Starline Windows offers several options for any build which include Ultra Lite M.D.F (Medium-Density Fibreboard), Edge Grain Clear Fir, Primed White, and Vinyl.

We provide the liners in two standard sizes, 4 9/16" and 6 9/16". Below are examples of the vinyl liner and primed white products.

Vinyl Liner

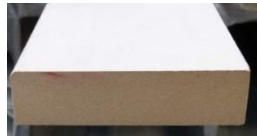

6 9/16"

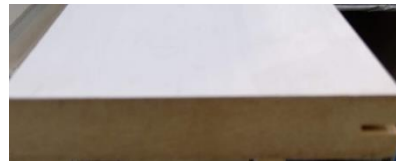

4 9/16"

Primed White

4 9/16"

6 9/16"

¹Only available for 6000, 7100, and 8500 series.

²Non-standard sizes can be requested prior to ordering. Please contact your sales rep to discuss options.
